## **Individual DESIGN**

At the core of our CLUBS by EVUPRE offer lies a thorough design process, ready to develop a unique look for every customer. In cooperation with your club, we can create a full-customized design that reflects your club's traditions as well as your brandnew ideas for modern, fashionable rowing clothes: from retro to modern, high-visibility to simplistic - there are no boundaries to your creativity. Let us create an outstanding collection together!

## **Professional designers**

Our team consists of professional designers, who have been creating various looks for rowing clubs all over the world. And they know how to row! Our team takes all time needed to discuss with you your ideas and wishes, before we come up with the first drafts. In the following loops, we will adjust all the details to give your design the unique look your club wants.

## **Club members can order individually**

Your club collection will be available on your exclusive club shop page. Each club member can make the order individually. A simple solution that requires no further administration from your club.

## **High performance fabrics, produced in Europe**

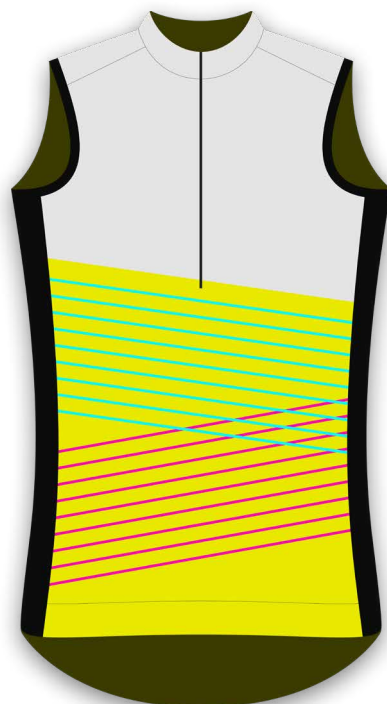

All fabrics are sourced in Europe and tested to withstand the high standards necessary to perform our beloved rowing sport: water resistant fabrics for top layers, breathable, anti-bacterial fabrics for our base layers. The main articles, such as the racer and T-shirts, are made of recycled polyester. Our production companies are based in Italy and Spain, which we work together and communicate with on a daily basis to assure the best quality for our customers.

## **From ideation to creation in three months**

As soon as we finish the design process together with you, your club members can start to order in your club's own web shop. You can decide on bulk order dates and once the date has passed, we proceed to production. In roughly 12 weeks, you will receive your order. Re-orders are possible throughout the year.

## 2. BRAINSTORMING

Your design should stand out! Send us your logo, colors, wishes and ideas. Our designers are here to advise you with all their creativity and expertise - to create your unique design!

## 3. DRAFTS

On the basis of the brainstorming process, our professional designers will create 3 stylish designs fitting to your expectations. Each draft is a unique artwork!

DRAFTS

YOUR DESIGN

## 4. YOUR DESIGN

Traditional, modern or avantgarde – choose your favorite! We are looking forward to your feedback. Now it is time to chose your design and work on the details, such as patterns, colors, or logo position. Then, we will design each piece of club wear individually. The final look of your collection it ready for order!

## 5. ORDER

This customized collection is now available in your club's EVUPRE custom web shop. All members can access the shop and log in to order their chosen articles individually. You can see all the information including the deadlines for bulk orders. As soon as the order period has ended, production starts. In case anyone forgot to order a certain article, do not worry - the next order period will start soon.

\*The actual price depends on the order size and will be negotiated with each club individually.

These prices refer to a minimum order quantity of 50 pieces, 10 per article (no matter which size). For example, “Blue Danube Rowing Club” orders 15 women’s onesies, 15 men’s onesies, 10 women’s vests and 10 men’s shortsleeve t-shirts (in total 50 pieces). Smaller orders can be negotiated.

For re-orders, the minimum order quantity is 20 pieces, 10 per article.

The cost for personalization (like name or number) is EUR 6 (excl. VAT) per piece.

## INDIVIDUAL DESIGN

MADE BY PROFESSIONAL DESIGNERS

### HERITAGE

Inspired by tradition and classic rowing designs.

### PROGRESSIVE

Sporty look combining retro elements and modern design.

### AVANTGARDE

Making a statement with outstanding colors, graphic design and patterns.

## THE COLLECTION

DESIGNED TO THE FINEST LEVEL OF DETAIL BY EVUPRE IN VIENNA

HIGH-QUALITY APPAREL PRODUCED IN EUROPE

LONGSLEEVE SHIRT &  
SHORTS

JACKET &  
TIGHTS

RACER

SHORTSLEEVE  
SHIRT

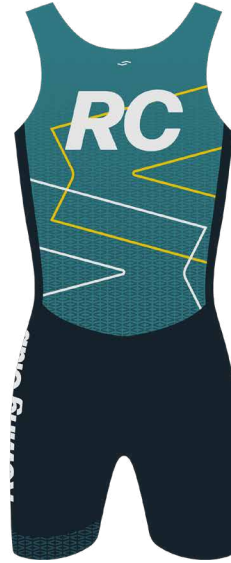

VEST

SLEEVELESS  
SHIRT

FRONT

BACK

SIDE

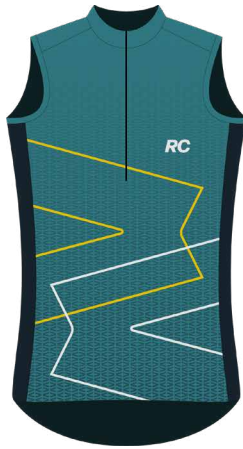

## RACER

The RACER is 100% customizable with the only exception on the backside of the shorts. It is ultra lightweight, stretchable, and hence a one fit for all. The women's model is more fitted on the front and back, and has slightly shorter legs for a more sporty look.

The RACER is available in the sizes XS to 3XL.

## TEXTILE

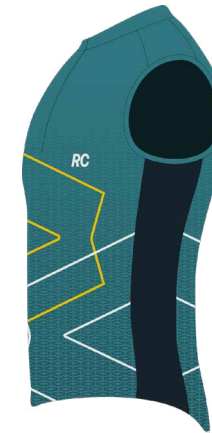

- Body: 86% micropolyester, 14% elasthane (140g/m2)
- Legs: 80% polyamide,
- 20% lycra (210g/m2)
- Lightweight, super stretchy and soft
- Flat seams
- Excellent moisture management keeps the body dry and fresh
- Optional: Mesh on the side panel

FRONT

BACK

SIDE

## VEST/GILET

The VEST is 100% customizable, wind- and waterproof. On the inside, a mesh lining provides excellent comfort. The tech-fabric is ultra stretchy and hence fits any body shape. The broad bottom seam adds to the slim fit form made for rowing. It comes with a zipper pocket on the back and a high collar for wind protection.

The VEST is available in the sizes XS to 3XL.

## TEXTILE

- 100% polyester (100 g/m2)
- Mesh lining inside
- Wind- and waterproof
- Lightweight 100 g/m2
- Flat seams
- 1/3 zipper
- Pocket

FRONT

BACK

SIDE

## CLUB JACKET

The JACKET is 100% customizable, wind- and waterproof. Compared to the VEST, the JACKET is warmer and thicker. It is regular fit and has all the features an ideal jacket needs to be considered for rowing: raglan sleeves, stretchable textiles, and a slightly longer back. The hidden main zip and the higher collar make the piece a fashionable club jacket. Two pockets on the front left and right provide enough storage for small accessoires.

The CLUB JACKET is available in the sizes XS to 3XL.

## TEXTILE

- 100% polyester (100 g/m2)
- Mesh lining
- Wind- and waterproof
- Solid softshell finish
- Flat seams
- Hidden zipper
- 2 front zipper pockets

FRONT

BACK

SIDE

## SPLASH TOP

The SPLASH TOP is 100% customizable, wind- and waterproof. On the inside, a mesh lining provides excellent comfort. The tech-fabric is ultra stretchy and hence fits any body shape. The broad bottom seam adds to the slim fit form made for rowing. It comes with a zipper pocket on the back and a high collar for wind protection.

The CLUB JACKET is available in the sizes XS to 3XL.

## TEXTILE

- 100 % Polyester (100 g/m<sup>2</sup>)
- Mesh-Innenfutter
- Wind- und wasserdichte Außenmembran
- Ultraleicht 100 g/m<sup>2</sup>
- Flachnähte
- 1/3 Zipper verdeckt mit Reißverschlussgarage
- Reißverschluss Tasche hinten

SIDE

### **LONGSLEEVE SHIRT (Recycled)**

The LONGSLEEVE SHIRT is 100% customizable. With raglan sleeves and a slightly longer back, the shirt is made for rowing in a cooler breeze and covers your back even in a fully stretched position. Beautifully crafted flat seams guarantee for high comfort and a sporty design. It comes in regular and slim fit versions. The collar is more closed than the SHORTSLEEVE version.

The LONGSLEEVE SHIRT is available in the sizes XS to 3XL.

### **TEXTILE**

- 100% recycled polyester (135g/m<sup>2</sup>)
- Raglan sleeves
- Bi-elastic, lightweight
- Excellent moisture management
- Made from recycled fabrics
- Flat seams
- Optional: Regular and slim fit

### **SHORTSLEEVE SHIRT (Recycled)**

The SHORTSLEEVE SHIRT is 100% customizable. With raglan sleeves and a slightly longer back, the piece is made for rowing and covers your back even in a fully stretched position. Beautifully made flat seams guarantee for high comfort and a sporty design. It comes in regular and slim fit versions.

The SHORTSLEEVE SHIRT is available in the sizes XS to 3XL.

### **TEXTILE**

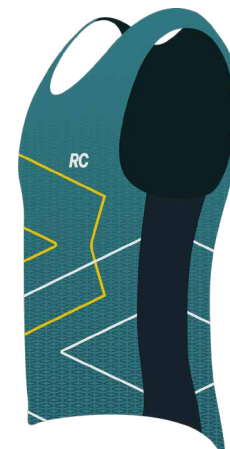

- 100% recycled polyester (135g/m<sup>2</sup>)
- Raglan sleeves
- Bi-elastic, lightweight
- Excellent moisture management
- Made from recycled fabrics
- Flat seams
- Optional: Regular and slim fit

FRONT

BACK

SIDE

## SLEEVELESS SHIRT

The SLEEVELESS SHIRT is 100% customizable. Combined with the SHORTS, it makes an alternative racing outfit to the racer. With a slightly longer back and super stretchy fabrics, the piece is made for rowing and covers your back even in a fully stretched position. Beautifully made flat seams guarantee for high comfort and a sporty design. It comes in regular and slim fit versions.

The SLEEVELESS SHIRT is available in the sizes XS to 3XL.

## TEXTILE

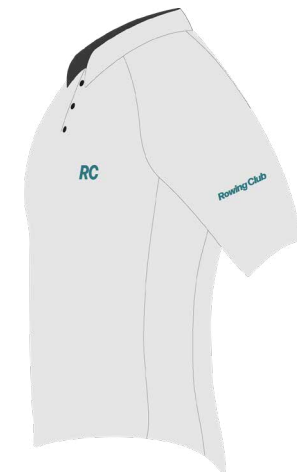

- 100% polyester (135g/m2)
- Bi-elastic, lightweight
- Excellent moisture management
- Made from recycled fabrics
- Flat seams
- Optional: Regular and slim fit

FRONT

BACK

SIDE

### **POLO (Recycled)**

Das Polo-Shirt ist 100 % customizable. It is made of a comfortable recycled mesh fabric. Flat seams and sporty/slim sleeves make the beautiful look of the shirt. The Polo Shirt comes in regular fit.

The POLO SHIRT is available in the sizes XS to 3XL.

### **TEXTILE**

- 100 % recycled polyester (135 g/m2)
- Raglan sleeves
- 3-Buttons
- Flat seams
- Regular-fit

FRONT

BACK

SIDE

## MERINO SHORTSLEEVE T-SHIRT

The MERINO SHORTSLEEVE SHIRT made from performance fabrics is the ideal shirt for representing the rowing club. It comes in a regular, relaxed fit. The natural look of the wool fibres mixed with technical fabrics makes it an ideal hybrid club piece that can be worn for various occasions - and certainly also in the rowing boat.

The MERINO SHIRT is available in the sizes XS to 3XL.

## TEXTILE

- 41% Merino , 51% Polyester, 8% Elasthan
- Raglan sleeves
- Temperature control
- Flat seams
- Regular-fit

FRONT

BACK

SIDE

### **MERINO LONGSLEEVE ZIP-SHIRT**

The MERINO LONGSLEEVE ZIP SHIRT made from performance fabrics is the ideal shirt for representing the rowing club. With a long hidden camlock, it works as well as a casual vest or functional longsleeve layer. It comes in a regular fit and relaxed cut. The natural look of the wool fibres mixed with technical fabrics makes it an ideal hybrid club piece that can be worn for various occasions - and certainly also in the rowing boat.

The MERINO SHIRT LONGSLEEVE ZIP is available in the sizes XS to 3XL.

### **TEXTILE**

- 41% Merino , 51% Polyester, 8% Elasthan
- Raglan sleeves
- Temperature control
- Flat seams
- Hidden camlock
- Regular-fit
- 20cm zip

FRONT

BACK

SIDE

## SHORTS

The SHORTS' design is similar to the bottom of the RACER. Combined with the SLEEVELESS SHIRT, the two parts can be worn as an alternative to the racer. Flat seams make the SHORTS a very comfortable piece to wear. The women's version comes with a higher waist (similar to yoga pants).

The SHORTS are available in the sizes XS to 3XL.

## TEXTILE

- 80% polyamide, 20% lycra (210g/m2)
- Bi-elastic
- Flat seams, very comfortable
- Temperature control
- Small key-pocket inside
- Lady's model with high waist

FRONT

BACK

SIDE

## TIGHTS

The TIGHTS are made of a durable, stretchy textile. Perfect to wear above the racer or as your bottom piece of choice, when the weather is getting colder. Flat seams make the TIGHTS a very comfortable piece to wear. The women's version comes with a higher waist (similar to yoga pants).

The TIGHTS are available in the sizes XS to 3XL.

## TEXTILE

- 80% polyamide, 20% lycra (210g/m2)
- Bi-elastic
- Flat seams, very comfortable
- Temperature control
- Small key-pocket inside
- Lady's model with high waist

FRONT

BACK

SIDE

## HOODIE

The Club Hoodie is the cosy piece you want to wear on the regatta venue or at club evenings. The long zip makes the hoodie functional like a vest, easy to put on and off. In addition, two zip-pockets with enough space to store your phon, keys, or wallet make the hoodie the most practical and comfortable piece of the club collection.

The HOODIE is available in the sizes XS to 3XL.

## TEXTILE

- 100 % Polyester
- Cosy, soft fabric
- Raglan sleeves
- Long zip on the front
- 2 pockets with zip
- 100 % customizable

FRONT

BACK

SIDE

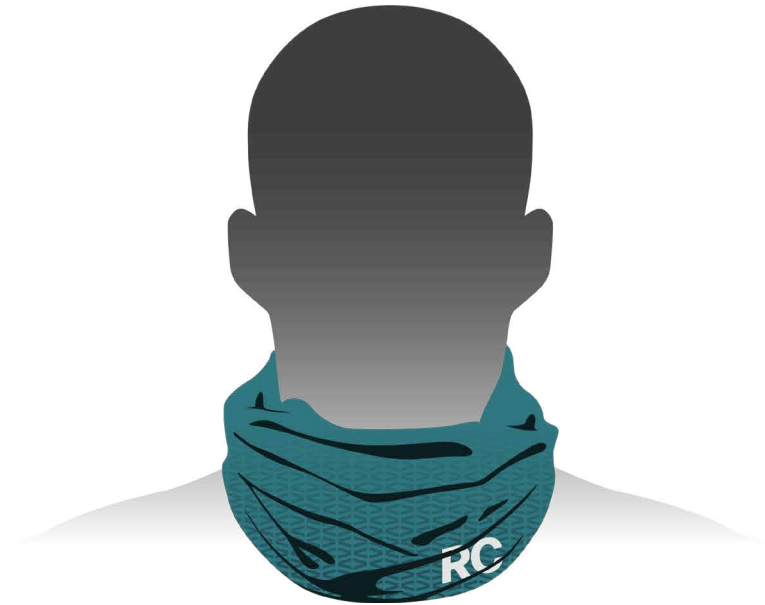

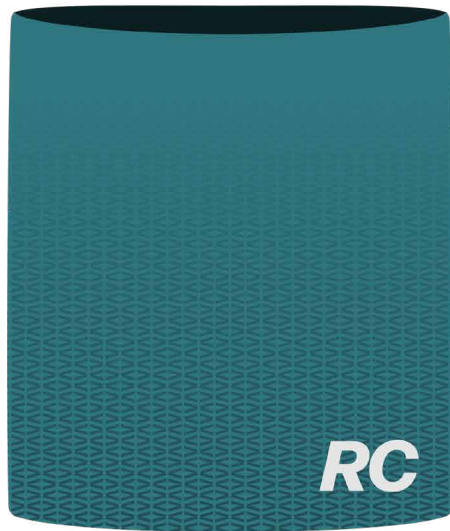

## CAP

Performance cap with Dry Tech inner seam to stop the sweat. The slightly curved mid-visor makes a sporty yet beautiful shape. Customizable with embroidery.

The CAP is available in one size. Minimum order quantity is 48 pieces.

## MATERIAL

- 100 % polyester
- Dry Tech, soft, breathable fabric
- Adjustable velcro
- Embroidery for custom design

## **TUBE SCARF**

The TUBE SCARF is the most versatile accessory, ready to protect you in all situations. Worn around your neck, the tube scarf protects you from freezy rowing sessions in the spring and fall. It can also be used as a headband or hair band, as well as a cap.

The TUBE SCARF is available in one size. Minimum order quantity is 50 pieces.

## **MATERIAL**

- 100 % Polyester
- Super-elastic, very soft fabric
- Versatile use as scarf, headband, hair band, or cap
- 100 % customizable

## HEADBAND

The headband protects your forehead and ears when the temperatures are still tricky and low. It is made of an extra thin, laser cut fabric. A flat seam and the thin fabric make the headband a beautiful piece to wear.

The HEADBAND is available in one size. Minimum order quantity is 20 pieces.

## TEXTILE

- 100 % Polyester
- Inside soft fleece
- Laser cut, very slim
- 10 cm
- Onesize
- 100 % customizable

## **SOCKS**

Sportsocks in your individual club design give you an extra edge on the regatta venue or podium. The Coolmax fabric guarantees for extra ventilation during high performance rowing, cycling, or running. Slight compression structure keep the socks in place.

The SOCKS are available in the sizes S (37-39), M (40-42), L (43-45), XL (46-48). Minimum order quantity is 50 pieces.

## **TEXTILE**

- 100 % Coolmax polyester
- Optimum air ventilation
- 100 % customizable (simple designs)
